Summits Spring Coronet
03/22/09

Seneschale (Meisterin Lindis di Aquigranno – Eleshia Ledridge):

Looking for deputy; a couple of people have talked to her. Recruitment plans for offices: a lot of offices are open, a lot of tired officers, and a lot of offices coming open in 2010. A lot of offices are already proactive, but we can always do more.

Lindis would like to see a Summits Officers' Retreat – looking for a volunteer to autocrat, looking for a space and date; hoping for a central area – Roseburg area. It will be paid for by the principality funds. Would like to cover SCA policies and procedures, conflict resolution. Brainstorm on how principality runs, some specific officer classes.

Need contingency deputies. There is a difference between contingency deputy and a person who will replace you: a contingency deputy is there in case of emergency. Everyone needs to apply for consideration for an office. Please cc Kingdom officer and Coronet and principality seneschal on quarterly.

Prince & Princess (Prince Brian of Ledbury and Princess Acacia Gryffyn – Brian Ledbury & Tandi Graff-Ledbury):

The prince has decreed, "No more Brians". Their Highnesses: "We love you all."

Calendar Deputy (Countess Berengaria de Montfort de Carcassonne – Jeanne McCartney):

Up to date on all event forms received.

Exchequer (The Hon. Lady Adrienne von Brandenburg – Erin McDaniel):

Please contact her about expense reimbursements. Reports in. Looking forward to first quarter, mentioned that holding a regional financial office looks good on a resume.

Chamberlain (The Hon. Lord Lucas von Brandenburg – Ben McDaniel):

Looking for applicants to take his position, updating handbook.

Chronicler (Lord Elof - ?):

New chronicler, Lord Elof – says “Thank you” and looks forward to serving. There is an updated spreadsheet on subscriptions – email Elof, Lindis and Adriane if you are owed a subscription. Subscription forms are online.

Marshal (The Hon. Lord Tyrrel Figenbaum – Terry Snow):

The event yesterday went well; thanks to the chivalry for doing armour inspection.

Archery Marshal (William Christopher of Devonshire – [new]):

Had archery here! Would like to see archery at every event in the Summits where it's allowed. Email address not transferred over yet.

Youth Combat (Graf Berek von Langental – Mark Johnson – via email):

Supposed to have youth combat today at 10, but only one combatant is here so far. Hoping for Investiture place on Saturday. Rules available on kingdom webpage. Youth field hockey helmets.

Lists Minister (The Hon. Lord Stephen the Merchant – Steven Coots):

Thanks to everyone who helped yesterday, especially Master Timothy. Things went well in spite of the cold.

Rapier Marshal (Sir Alail Horsefriend – Scott McCartney):

Trying to get list from kingdom on who's authorized as rapier fighters and marshals. Now have authorized rapier marshal for Terra Pomaria.

Equestrian Marshal (Sir William Brannan – Troy Griffith):

Three major equestrian events in the Summits this year. September Crown, An Tir/West War, Hocktide in Glyn Dwfn. 20-25 riders are expected at Hocktide. Official practice coming up. Will go to any branch in the Summits that can get three riders together in one location; he will bring his horse and do a workshop.

Scribe (Sharon the Merchant's Wife – Sharon Coots):

Has been painting for kingdom. Brought up expenditure proposal for materials including sturdy carrying box, books for education. We will purchase used books if and where we can get them. Items mentioned are consumables except for books. Portfolio case will be used to transport scrolls in as well. Discussion of purchasing two of these since the royal scribe is not always the same as the principality scribe.

Nadezhda suggests breaking up the expenses on a quarterly basis for the year and posting a list of the desired books in case people would like to donate them. Adrienne suggested going through Algebras for purchase of books because of discount. Expenditure proposal approved.

Bleu Grael Herald (The Hon. Lord Vanyev Betzina – Michael Betzina):

Vanyev daytripped – looking at submissions to Chamberlain; wants to purchase books and a heralds' box. Awards that have been registered are in process.

Minister of Children (open):

Mehitabel is new kingdom Minister of Children.

Chatelaine (The Hon. Lady Ekatarina Aleksandrovan – Renae Snow):

Ekat is handing the office over to Duana. Working on educating everyone on media policy. Had meeting at Twelfth Night. Has new ideas for branch chatelaines. This event tried the principality continental breakfast with positive results.

Chirurgion (new):

New chirurgion is Sumayya al Ibelin. Contingency deputy is Lord Euan from Adiantum. Waterbearers are no longer a sanctioned office of the SCA. Branches can bring in waterbearing supplies on their own. Can an autocrat have someone responsible for waterbearing on a per event basis? – Yes. Nobody got hurt yesterday.

Arts & Sciences (The Hon. Lady VASA d'Este – C. L. Preston):

A&S is happening. Really successful principality costuming contest. Receptions going on. Office open, VASA planning to apply for extension. Working with Mathilde to do an artisans' retreat during events. Has branches that don't have officers – she compliments the seneschals that have gone above and beyond to get in touch with her about A&S happenings in their areas. Lindis asked that she put out an application announcement on Summits list.

Webminister (The Hon. Lady Juliana von Aardenburg – Mieke Visser):

Doing updates as they are given to her. If people notice a glitch, send an email to Juliana.
